COMPANY PROFILE

One of the simple truths of the financial world had been that it was necessary to have money to make money. Generally, Banks would not extend credit or approve a loan unless borrower had sufficient collateral or credit to guarantee repayment. While this system guarantee the solvency of Banks by protecting themselves against default. It had also effectively barred a significant percentage of the world's population from acquiring the capital needed to rise out of poverty.

In 2005, A.B.Kamara, A U.S.Businessman and founder of A.B.Kamara Investment, a worldwide investment company, began a program designed to address this problem, commonly known as **MONEY GROWTH PROGRAM**. This program operated on the assumption that your small money invested on Money Growth Investment program is guaranteed by A.B.Kamara Investment Company a fixed 10% percent monthly profit return added to your initial capital every month. Within a short-term could provide the poor and average with enough capital to enter the mainstream of commerce. Especially preparing funds for early retirement, funds to purchase your dream home, funds for children college tuition, and funds to start a new business, among others.

A.B.Kamara Investment, a worldwide Investment company guaranteed to provide our clients and investors with the means to rise above their pay check to pay check living to a new life of financial freedom.

PROGRAM OVERVIEW

PROGRAM INVESTMENT OBJECTIVE

The Money Growth Program seeks short-term and long term stable capital growth.

PROGRAM PRIMARY INVESTMENT STRATEGIES

The program invest 80% percent of its fund on buying and selling the world most expensive and highly in demand precious minerals from all around the world.

Example, Diamond, Platinum, Gold, Copper, Iron, and Bauxite among others, While 20% of its funds are use for trading financial securities in the financial market on a daily basis. Our fund managers and financial analysts select primarily to buy and sell minerals and financial securities based on the world market price fluctuation on a day-by-day basis.

PROGRAM PRINCIPAL RISKS

There is no risk involved in the Money Growth Investment program. A.B.Kamara Investment, a worldwide investment company guaranteed its program investors 100% percent risk free, plus a stable fixed 10% profit return added to their initial investment capital every month.

MANAGEMENT

WHO MANAGES THE PROGRAM FUND

The Board of Directors, Investment Advisors, and the Fund management teams play key roles in the management of the funds.

BOARD OF DIRECTORS

The Board of Directors oversees the management of the program funds and meet at least quarterly to review reports about funds operation

INVESTMENT ADVISORS

The program funds investment advisors are A.B.Kamara Investment management team. The advisors are responsible for managing the investment program funds and directing the purchase and sale of its investment minerals and financial securities.

The advisors also arrange for all other services necessary for the funds to operate.

FUND MANAGEMENT TEAMS

The advisors use teams of manager's worldwide and financial analyst for recommendation to manage funds. The teams of managers communicate regularly to discuss about purchasing and selling activities based on the daily world market price fluctuation. The managers on the investment teams are also responsible for the day-to-day management of the program funds.

GETTING OUT OF POVERTY

Can seem like a pretty discouraging task. What do you do? How much should you save? Where do you begin? Fortunately, this is where A.B.Kamara Investment, a worldwide investment company MONEY GROWTH PROGRAM can help. We have what you need to get out of poverty and makes plans for your future goals. One simple tool to help you get started to a wide range of financial freedom is with our MONEY GROWTH PROGRAM. We know how to make the whole process as simple as possible.

So, no matter how far away from your financial freedom and retirement, our Money Growth Program can give you an edge in getting there.

GETTING STARTED

THE KEY-IT IS NOT HOW MUCH YOU INVEST THAT COUNTS JUST START INVESTING.

At the present, you just launched your career, started a new job or having an old job. Now, what are you doing about your financial freedom and retirement? Saving and investing for your financial freedom and retirement should be a top priority. Even between 5 to 10 years down the road will help.

When it comes to investing for your financial freedom and retirement, a person greatest friend or enemy is **TIME**. Says by, A.B.Kamara-founder of money growth investment PROGRAM. If you start investing early, the results are absolutely dramatic and you will have to save far less over the long run to meet your goals.

With miscellaneous domestic debts and the challenges of getting by on a paycheck to paycheck, it's hard to come up with extra cash to sock away for a far off goal. A.B.Kamara Investment MONEY GROWTH program has done all the hard work to make you reach your financial freedom and saving for your retirement.

STAY FOCUSED (Ages 18 & Above)

By now, you're earning more or less, but between raising a family, domestic expenses and miscellaneous bills, your expenses have hit the roof. Those big expenses are the primary reasons people between these ages don't save or invest for their financial freedom and retirement. It is easy to lose focus, but don't give up.

Your ultimate goal should be to save and invest at least 25% percent of your weekly or monthly wages. Stay heavily invested in our MONEY GROWTH PROGRAM and relax let your investment run on autopilot.

As a growing business you are always looking to an advantage, that's where A.B.Kamara Investment MONEY GROWTH PROGRAM stands out from the crowd.

Our 10% percent monthly profit return is incomparable in the investment world. You can see our company future from our investment table below.
